The Power of Employee Well-being
Healthy programs for healthy companies
HAP offers you a dedicated well-being and health promotion consultant who will provide your employees with a well-being program that focuses on making small behavior changes.

A comprehensive strategy is created based on data and industry best practices. By providing targeted programming and the use of our iStrive® Digital Health Manager, HAP’s Well-being and Health Promotion team will help make a difference for your employees.

HAP is here
Putting healthy living at the heart of your business

Our mission
To design and deliver market-leading health and well-being programs that influence healthy behaviors at work, home and in the community.

Vision
To empower your organization to engage in a healthy lifestyle to cultivate a community of well-being.

HAP Employee Well-being Offerings

Your HAP Well-being and Health Promotion team provides support to HAP employer groups through planning, implementation and evaluation. Our consultants offer turnkey and innovative programming that’ll work towards healthier behavior changes.

Consider the many options available. If you have any questions or want to discuss your employer group’s program in more detail, contact your HAP representative.

Every employer that offers HAP has access to our offerings. See below for reference.
