RE:Non Medicare Retiree Options Retired After 11/19/2007

Retiree Open Enrollment is under way 11/7/2022 through 11/18/2022. For the 2023 Plan Year, GHS is offering two plans: Health Alliance Plan (HAP) High Deductible Health Plan HMO (HAP HDHP HMO) and Health Alliance Plan High Deductible Health Plan PPO (HAP HDHP PPO). Open Enrollment information and other reference documents are listed on the GHS website at www.genhs.org under the Useful Pages heading, CMH/GHS Retirees tab.

Due to the ongoing Covid Pandemic, we are asking that you return enrollment forms by email (benefits@genhs.org) or by using the self-addressed stamped envelope included with this letter. For anyone needing enrollment assistance you may utilize email (benefits@genhs.org) or reach out directly at (810) 496-5603.

Critical: Review the page titled CMH/GHS Retiree Options. This document describes how the healthcare section made by the retiree affects the plan selections available to your eligible spouse or dependent, if applicable.

Please review the Healthcare Options Under "65" Retirees benefit comparison sheet (located on the GHS retiree website), as well as all other information on the website to assist you in making your decision in selecting the plan that best meets your needs. The HAP HDHP PPO is a national plan, and the HAP HDHP HMO plan is available to MI residents only.

Please ensure that you complete and return the GHS Enrollment Form and other forms and documents as are appropriate by <u>Monday, November 21, 2022</u>. We have provided additional information on the GHS retiree website which you may find informative and beneficial. Dental and Vision coverage options remain the same as in 2022.

As a final reminder, if you will be eligible for an HSA contribution, your HSA account must be open and active.

Please direct any questions or concerns, to benefits@genhs.org, or reach out directly at (810) 496-5603.

Sincerely,

Sandra Sweet

NO DUAL HOSPITAL / MEDICAL COVERAGE CERTIFICATION

I have exercised my option to enroll in one of the Genesee Health System sponsored Hospital/Medical Plans. I understand that anyone enrolled in a High Deductible Health Plan (HDHP) covered under a Health Savings Account (HSA) is prohibited from participating in the plan if any one of those enrolled has other hospital/medical insurance. All enrollees are prohibited from having dual hospital/medical insurance due to federal requirements for participation in a HDHP w/ HSA. In addition, GHS prohibits retirees and anyone else on their hospital/medical policy from maintaining dual insurance coverage. Medicare Part A and/or Part B are still considered dual insurance unless enrolled into a Medicare Advantage (MA) plan sponsored by GHS. It is the responsibility of the retiree to notify GHS benefits personnel within 30-days of being eligible or enrolled into Medicare, and provide this information annually during the annual open enrollment period. Failure to notify GHS of your (or your family members') Medicare eligibility and/or enrollment could result in negative federal tax implications for the retiree.

In accordance with the GHS prohibition against dual hospital/medical coverage, I hereby certify that neither I, my spouse, nor any dependent under age 19, nor any qualified adult child aged 19-26 listed on the enrollment application form have any other hospital/medical coverage. Regarding the possible enrollment of a qualified adult child aged 19-26, the child is governed by the rules associated with plans which qualify to be "grandfathered" or "not grandfathered". I also understand that if I have failed to disclose or falsified documentation regarding this paragraph, that GHS will bill me the amount overpaid by GHS for myself, spouse, dependent or qualified adult child aged 19-26 that was inappropriately dual covered. Falsification of documents constitutes fraud and is subject to termination.

I understand that GHS will require documentation of involuntary termination of coverage if I am transferring either my spouse, dependent, or qualified adult child aged 19-26 to a GHS hospital/medical plan from another employer paid source, outside the GHS open enrollment period.

I understand that I must notify GHS benefits personnel within 30 days of any qualifying event, which would require a spouse, dependent, or qualified adult child aged 19-26 to be removed from my insurance. I also understand that if I do not comply with this rule that GHS will bill me the amount overpaid by GHS for a spouse, dependent, or qualified adult child aged 19-26 that should have been removed from my insurance. Charges will become effective as of the last day of the month in which the qualifying event occurs.

I understand that I must notify GHS benefits personnel within 30 days of any qualifying event, which would require a spouse, dependent, or qualified adult child aged 19-26 to be added to my insurance. I also understand that if I do not comply with this rule, the spouse, dependent, or qualified child aged 19-26 must wait until the GHS open enrollment period to be added to my insurance.

If adult child is eligible to enroll in your group hospital/medical health plan, then coverage will terminate on the last day of the month in which the child turns 26, or child becomes otherwise ineligible.

As a Retiree from CMH/GHS, you are the reason and the <u>pathway</u> for your potentially eligible spouse and/or child(ren) to enroll in a GHS sponsored healthcare plan. Preventive Services Guide for Members Other Than Medicare Members

What are preventive services: Preventive services are tests or procedures provided to keep you healthy by looking for health issues or risks in people who don't have any diagnosis, history, or other known risk factors. It's meant to help prevent illness or find problems before any symptoms arise. The Benefit Administration Manual policy for Preventive Services gives more information such as ages, frequency as well as specific codes. Your doctor has access to tools that list the specific codes identified by HAP as preventive services.

What aren't preventive services: Services obtained to evaluate a complaint or symptom; in greater frequency or at different ages than recommended for screening; obtained out of network; or billed with service codes not designated as preventive. Tests used for these purposes are called diagnostic tests.

Product type and Recommendations: Coverage of preventive services for employer and individual products are based on United States Preventive Task Force Recommendations and Affordable Care Act recommendations. Medicare/Senior Plus based products are based on Medicare preventive services and are not addressed by this document. Medicaid/HAP Empowered products are based on USPSTF and ACA recommendations. Some products may not have coverage for "preventive services", please see Member's subscriber documents.

What's a well visit: A well visit is an evaluation scheduled at recommended intervals to check on your health status and point out concerns or risks that might prompt further investigation to maintain optimal health. A well visit is also known as a check-up. Visits to address a complaint such as a stomachache or an earache aren't considered well visits.

NOTE: The below charts reflect very basic information, not every test or service is listed. This document is intended as a guide and doesn't guarantee services. Please see the Benefit Administration Manual policy for the most current coverage information.
